# OCLC Workshop

## Climate Action Sprint: from goals to action

**Andrew Harbison**

Director, WebJunction

**Ellen Hartman**

Manager, Leaders Council

**Gemma Burke**

Manager, Marketing Operations,  
EMEA & APAC

# Welcome

# Goals to action

Sustainable  
Libraries  
Initiative

WebJunction®

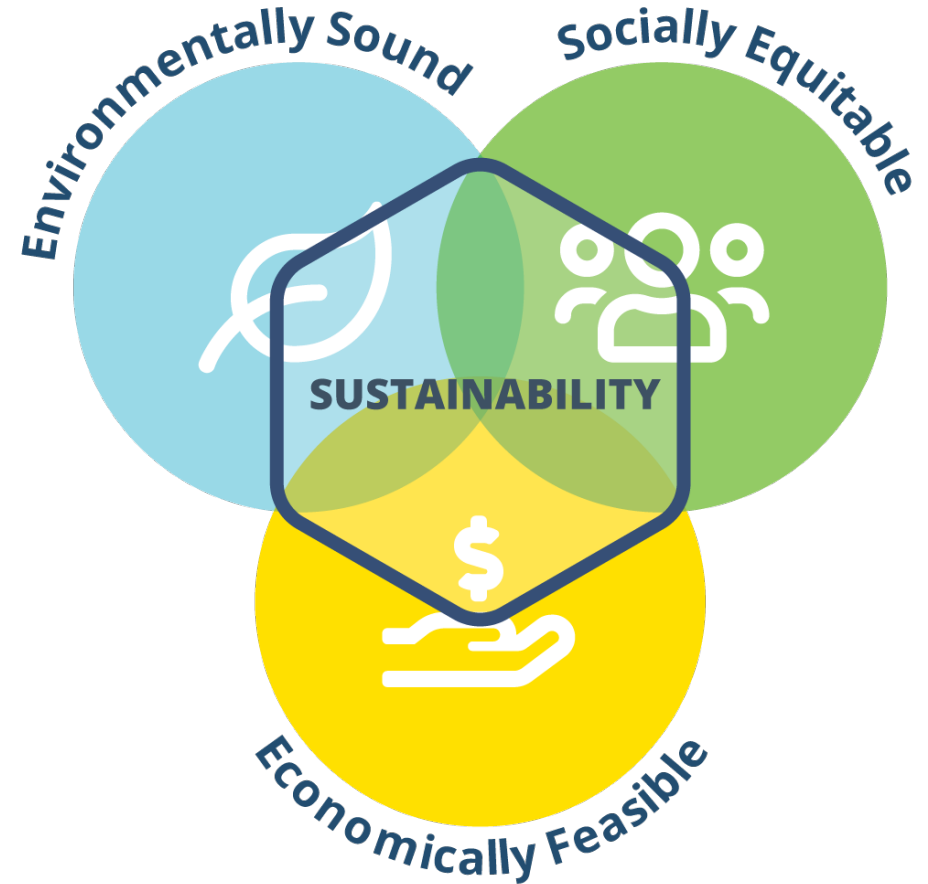

- Climate action = *mitigation* + *adaptation*, both rooted in climate justice.
- Adaptation spans **personal, institutional, and community** levels.
- Libraries must build a **culture of resilience**: preparedness, planning, and equitable service.
- Today's focus: *institutional adaptation*, because it is the most actionable in 90 days.
